Mr. Coon:I knew Kathy from the dry cleaners. I hadn't been in the shop in a while, but today I stopped by to pick up clothes and asked about Kathy. I was absolutely shocked to hear she had passed away. Over the years I had gotten to know her and always enjoyed talking to her. She was a sweet lady who LOVED her grandchildren! I just wanted to let you know that she always brightened my day and I'm sure there are many other customers who feel the same. My husband was also saddened to hear of her passing--he too enjoyed talking with her. I'm sorry these condolences are coming at a delay. I wanted to send a card to your family, but was unable to find an address.Your family is in my thoughts.Take care,Melissa Kelly

I loved kathy very much. Over the years we grew to be very close and I cherish every moment with her. Before we left for Alabama she stayed a week with me and the girls. I'm so thankful that those are our last memories together with her. The girls and I had so much fun with her that week.

Kathy was a bright face, everyone who came in to the office was greeted with a smile. The world lost a good person when Kathy left us to go be with the Lord.

Though we only knew each other through Four Seasons, she always made me feel like I was visiting a friend when I walked through the door. That's a special gift; but then again she seemed like a special lady. Please accept my condolences for your tremendous loss.

I knew Kathy from Four Seasons Laundry. She was always so sweet - always a smile on her face. I missed her when she was out with her last surgery and was happy to see her back at the store. Her untimely death certainly comes as a shock to me and I'm sure to you as well. My thoughts and prayers are with all of you as you go forward without Kathy. My mother passed away last summer and I know that for you there will be good days and bad - but time does seem to make things a little easier. The loss of her presence will never go away - but hopefully (as people continue to tell me) mostly only good memories will remain.

I only knew Kathy from seeing her weekly as I dropped off clothes at the cleaners, but she was always a bright spot in my day. Every time I drove up, she always had my laundry hanging before I even made it inside the store. I would tease her and say, "Boy, you are GOOD!!" She always acted like that embarrassed her, she was so modest. I will miss her smiling face so very much. My deepest condolences to her family. I hope you can find comfort that she touched many many lives with her kindness. My prayers are with you.

To Kathleen's family: Kathleen was one of the bright spots of many days for me. I looked forward to stopping by to see her at the cleaners. What is normally just another errand became a treat because I knew I'd see her. She was a treasure. I'll miss her terribly as I'm sure you will. She spoke of you often and loved her family so much. We'll probably never know just how many lives she touched, but I'm sure it was many. I grieve with you.

We were at the cleaners as customers every week. We had grown to love Kathy and I talked to her husband at the hospital by phone after her first surgery. We did not know that things were not well with her. Kathy was a very bright spot in our lives and we will miss her for a very long time. We send our deepest sympathy to each of you. Please know how much we care.
