Mike and family - I'm shocked to find out about this tragedy in your family. Words can't express our concern for you. We lost a son a year and half ago. We know some of what you're going through now and would not wish it on anyone. I found from experience it helps in days and weeks ahead to talk to someone that has been there before you. I'm available when that time comes. Don't hesitate to get in contact with me. I'll see you Sunday.

Megan called him "Baby", so that is what we all called Steven, "Baby" They were 2 young people who were very much in Love! They would read their books together, do puzzles they really didn't want to spend any time away from each other. I used to think it was crazy that they didn't want to be apart, now I understand why. We will always remember and Love Steven forever! I know my "Baby" will never be the same again without her "Baby". Please God help us all to get through this.
