I am so sorry about aunt Effie- she will be missed, but now she's at peace with no pain. I will always remember her smiling face as she talked with me when I was a child. Many of my happy memories are when I visited at her house. One time when I was at her house she cooked my favorite food- strawberry short cake- she made it in the largest bowl I ever saw, Effie always made plenty of food, and was glad to share with everyone. I feel blessed to have been able to have called her "Aunt".

I am very saddened that Aunt Effie had to go on home, But at least now she is with Grandma, Grandpa, mom & the rest of her family that was waiting. The only comfort is knowing that her long life of work and suffering is over and now she can rest. If there is any thing that I can do please know that I am only a phone call away. All the memories of all us kids sleeping on the floor on a pallet is just one that I cherish, Then there was all the big meals that we shared as children and all the times that we used to run up and down the hills out at her house. But the one thing that I will never forget was how she used to brag on how well my children were always dressed. No one will ever know how much that statement has meant to me. We love all of you and you all will remain in our prayers. Stanley and family.....Please call me at 479-445-6732 Fayetteville number
