Sweet David, I can not begin to know the intense loss you and your family is feeling right now. So I will think on the beautiful smile your mama ALWAYS had on her face! She was a very sweet lady that would stop and listen to whatever small talk you wanted to jabber on about. She was a positive thinker and a happy giver. She loved and laughed. She will be gone from your side, but ever present in your words, actions, thoughts, moods, laughter and love. Sweet David remember, she taught you the art of love and caring. Close your eyes and see her smiling face and happy countenance. Love you much hugs and kisses Marsha

Dear Kelly, David, and Jeremy, I've just learned of your mother's death and I am so sorry! I am going to really miss her! I saw her twice a year for my teeth cleanings and always enjoyed visiting with her. She was a wonderful woman and a very good dental hygienist. She always gave me updates about you all. Although I didn't know Kelly, since I had not been her Spanish teacher in high school, I felt like I knew Kelly because of your mom. She loved you all so much! I lost my father 3 years ago, so I know what you're experiencing. There is strength in numbers, so rely on each other, other family members and friends to help you get through this. I have you all in my thoughts and prayers. Take care and God bless. Ruth Trainor

We were truly saddened to hear of Teresa's passing. She had been our hygienist for years. We always shared our stories about our children, mothers, and family pets. Because we moved here from Marianna, she would often tell us when she and her mother went to visit her aunt in Marianna and the fun they had going to antique stores in Hughes. Because we talked so much and laughed so hard, the other hygienists would peek in to ask why we were having so much fun. Through all of the fun and laughter, she always did her job professionally. Because of Teresa's warm and sincere manner, we feel as though she was our friend, and we will miss her.

Teresa was truly an angel. She has cleaned my teeth for many years, and was always compassionate and understanding with my quirks and weird questions, which often made her laugh! That was just the way she was. From now on, when I go to the dentist, it will be a bittersweet experience. God bless you, Teresa.

I just want to express my sympathy for you all. I worked with Teresa for 2.5 years right out of dental hygiene school, I learned alot from her. Her patients just loved her for many reasons. She will really be missed, I am so sorry for your loss and I am thinking of you all. I wanted to be there for the services but my son is just 2 weeks old and I'm still recovering, I'm so sorry I couldn't be there. I have been thinking of Teresa, she will be missed, she was such a sweet, sweet person and loved you all so very much.

Teresa has been by hygienist for years. I wanted to express my sympathy to her children. We always talked about our children and she shared her news and I shared mine. Also, we shared book titles and she was such a sweet person. My sincere condolences to her entire family. I will miss seeing her and visiting with her. Linda

Teresa made my visits to the Dr. Carter's office much less stressful because of her friendly and gentle nature. I always enjoyed chatting with her before and after (sometimes even during) cleanings, learning what was new with her family and dog as well as about her own life. And she always showed a genuine interest in hearing about what my sons (first one, then two) had been up to. Unfortunately, I had to reschedule my last appointment with her and had to see one of her colleagues instead. I'll miss visiting with Teresa during future visits. God bless and rest her soul, and may he grant you (her family) and her friends comfort and peace.
