Judy and I worked together at Glad Manufacturing. She was a blessing to all who knew her. She always wore a smile no matter how bad things were at work. She loved life to the fullest. She will be missed greatly. My condolences to her family and loved ones.

Judy was the most decent and loving person we knew. She loved her family, friends and life. Even in her last days she wanted to make sure a birthday card (which she signed) was sent to our son. Judy loved to experience life. As we were remembering her here in California I told the story of our camping trip. Three adults, four children and one dog sleeping in one tent in sleeping bags for over a week. We were in thunderstorm for days, our tent was skunked and I couldn't wait until we got home to take a shower and sleep in a bed. On the way home from Wisconsin Judy says "We HAVE to stop in the Milwaukee Zoo" They have the BEST butterfly house! So off we go to the zoo. Judy wanted to experience all that there was to experience. We had called her our "Tour Director". She will be so missed by her California family. It's hard to believe she is gone. But she will never be gone from our hearts. Our love goes out to Ed, Barbie, Patty and families; Linda, Sue and their families.

Judy was a joy to be around! Ask about anyone here and they would remember Judy as always smiling and helping others out. We all enjoyed Judy's "dress up" days as she always wore something to celebrate whatever holiday it might be. She had great work ethics and was a good example to all. Judy was a good friend to my mother, whom I lost at age 62 also. You have my deepest sympathy and you are in my daily prayers. Thanks for the time we shared in Judy's life.
