The first time I held Daniel I noticed a remarkable thing...Whenever he heard his mama's voice his eyes would just cast about as he tried to locate her.Such a precious baby,a real "miracle baby" as Tammie calls him.She said they were just thankful for whatever amount of time they'd be allowed with him.It turned out to be too short a time,but what a special & precious time....God bless you all & cherish the memories of the time you did have together.

I remember going to see Daniel with my mom. Getting to hold him , he would smile the sweetest smile at me when I would talk to him.

I remember the 1st time I went to visit Daniel, his mother told me he is our "miracle baby" that he was. I saw him again a few weeks later and he was just a precious then as when I first saw him.
