It is five months since Dan's passing, and I found this site to enter my thoughts about Dan. I will remember, in December 2003 he brought me a birthday cake for my 46th birthday. I really meant a lot to me. I think of Dan, often, and wish his wife and family well.

My relationship with Dan arose from his connection with Keyport, my limited participation with the NWA Retired Officers and his brief use of the front room of my law office for his religious services. However, I was privileged to call him my friend. He had the rare quality of making one feel better after a visit with him. He was truly a man of God and an inspiration to all. He will be sorely missed by all who knew him.
