Tanya Michelle Hinton

NOV 22, 1974 - SEP 3, 2022

Tanya Michelle Hinton, age 47, of Bentonville passed away Saturday September 3, 2022, in Bentonville. She was born November 22, 1974, in Halifax, Nova Scotia, Canada, the daughter of Ernest and Barbara Pyke Ritchie.

She worked as a Adoption worker for the Arkansas Department of Human Services. Her greatest joy was helping to make families and helping children find their forever homes. She would also be there for her co-workers and would help anyway she could.

She is survived by her husband Craig Hinton and two sons AJ Hinton and Sean Hinton as well as a number of close friends who meant the world to her. Tanya "Tawny" only wanted the best for everyone and would use her humor and smile to make sure everyone felt great and that they were important.

No services are planned at this time. The family only asks for everyone to hug their families tighter and be there for each other.

I have had such a hard time forming words for this. So many wonderful things to say about Tawny. If you had the privilege to know her you were truly blessed. She was kind, loving, generous, loyal, beautiful, honest, trustworthy,a great listener, compassionate, etc.... Tawny will always hold a special place in my heart and I hope someday we can rekindle our friendship in heaven. My heart goes out to her amazing husband and her two boys.

I only knew you a year but you enriched my life. You were always kind and concerned for all around you. I remember some great meals with stories and laughter. I enjoyed listening to you talk about your family. Exchanging stories about our boys was always fun. We were always supposed to be planning another playdate it seemed lol. I always felt like part of your world, I was so excited for you all when you got the new house! Talking about paint colors, and decorating ideas! We were lucky enough at work to get some of your homemade goodies for Holidays last year as well. We discussed making them and how I am a bad cook! We had SOP together ugh!! but it was always interesting hearing your POV on the pretend situations. While we had similar degrees, you usually had a unique way of thinking of solutions. It was nice that you always came over to say Hi when you were in the office. It was nice to see you at my new office the other day too. It stings every time I pull up skype and it says you have been away 2 days and so on. I dont like not being able to skype you or text you anymore. Send you something on sale or funny when I think of you. I feel like you were a hero everyday in the person you were and the job you did, but now everyone in the world can see what a hero at heart you were by your last actions to try and save Cade. I am heartbroken neither of you survived the accident. I am thankful you introduced us to the Laws and we had the pleasant playdate with them before this too. I know of a few lives here you touched deeply, I cant imagine the number of lives you have touched in your lifetime. Thank you for being a great co-worker and an even better mom friend! Jaqsen and I will miss you and the times we shared.
