Laughter.... That's what I remember most about being around Jeanie. She was my family and even when we lost touch I still thought of her often. Due to my lack of social media and because of losing touch with everyone, I'm just now hearing about her passing. My heart is broken and I am so sorry for not knowing. My heart is breaking for the family and I'm sending positive and healing vibes to them. Loved her so very much.

My sweet Jeannie. One of my fondest memories, besides your birth was watching you grow into a kind, loving woman. You always wore a smile and if you got angry, that right foot would stomp hard! It was hilarious, yet you were furious. I'm truly missing you right now. The angels will care for you my sweet angel. I love you always, Mom

My deepest condolences to all. My favorite memories with Jeannie are all around our family events. I loved cooking with her at Christmas and the many years of Christmas cookie baking with our kids. We will deeply miss her presence. I'm grateful to have had her as such an important person in our family.
